Subject: Student Permits and Registration Codes

Effective immediately, students who pass the national theory and practical exam will be able to apply for licensure on-line. They will need to have their registration code available in order to do so.

Registration codes are now being printed on the student permits so they will have this information when they are ready to apply for licensure. For those students who did not have a registration code printed on their permits, I have attached an active list of students we have in the database which includes a registration code for each student.

Please review the list and let me know if there are students on the list who are no longer attending school. If they are no longer attending school, please let me know if they withdrew with hours or without hours. You can make changes on the spreadsheet and send it back to the board office.

Please encourage student to apply for licensure on-line. The website for on-line applications and annual renewals is <https://mylicenserld.state.nm.us>.

On-line renewals are only available to students are enrolled in a board approved school. Individuals applying for licensure through reciprocity cannot renew on-line at this time.

If you have any questions, please contact the board office at 505-476-4622.

Thank you.
