APPLICATION FOR INITIAL NURSE LICENSURE BY EXAMINATION
INFORMATION AND INSTRUCTIONS

Important Note: To practice nursing in Massachusetts, you must hold a valid, current license issued by the Massachusetts Board of Registration in Nursing (Board). Temporary licenses are not issued. Nursing practice as a “Graduate Nurse” is illegal in Massachusetts.

Nurse Licensure Requirements

[M.G.L. c. 112, s. 74 & 74A, and Board regulations at 244 CMR 8.00]

1. Good moral character, as established by the Board.
2. Registered Nurse (RN): graduation from an RN education program approved by the Massachusetts Board of Registration in Nursing (Board).
Practical Nurse (PN): graduation from a Board-approved RN or PN program.
3. Achievement of a pass score on the National Council Licensure Examination (NCLEX®) for Registered Nurses or Practical Nurses based on type of licensure applied for.
4. Payment of all required fees.

Carefully read the following information, application instructions, and the NCLEX® Candidate Bulletin prior to completing the enclosed application.

Application for Initial Nurse Licensure by Examination

Complete the Massachusetts nurse licensure by examination application form as directed. Applicants pursuing both an RN and PN license must submit a separate application for each.

- Former RN students who withdrew in good standing from an RN program who met PN curriculum requirements at the time of withdrawal may be eligible for PN licensure.
- Graduates of a nursing education program whose language of instruction or textbooks, or both, was not English must demonstrate English proficiency before writing the National Council Licensure Examination (NCLEX®). Refer to the Licensing section of the Board’s website for detailed English proficiency information and instructions.
- If you answer “yes” to any questions related to the good moral character licensure requirement, consult the Board’s Licensure Policy 00-01: *Determination of Good Moral Character Compliance* and the *Determination of Good Moral Character Compliance Information Sheet* at www.mass.gov/dph/boards/rn before submitting application. The Board must determine your compliance with this requirement before examination.
- Administrators of nursing education programs located in the U.S. or its territories must certify graduation status as directed. Graduates of non-U.S. nursing education programs and former RN students applying for PN licensure must attach applicable Board-issued certificate in lieu of graduation certification by nursing education program administrator.
- A licensure application will remain current for one (1) year from the date of receipt by Professional Credential Services (PCS) pending completion of all nurse licensure requirements, including achievement of a “Pass” on the NCLEX®. Applicants who have a current licensure application (within 1 year of submission to PCS) and who must re-write the NCLEX®, may reapply for licensure by phone. Resubmission of a completed Certification of Graduation (page 5 of the application) is not required.
- An application will expire if the application is incomplete or if any requirements for nurse licensure by examination are not met within one (1) year from the date of the receipt of the application by PCS on behalf of the Board. Fees are non-refundable and non-transferable.

If necessary, continue on another sheet of paper. Do not omit any states. Be sure to include Massachusetts, if applicable.

QUESTIONS: If you answer “yes” to any of the following questions, the Board must evaluate your compliance with the Good Moral Character licensure requirement. This evaluation must be completed to determine your qualifications for initial licensure in Massachusetts. Prior to submitting this application, review the Board’s Licensure Policy 00-01: *Determination of Good Moral Character Compliance* and the *Determination of Good Moral Character Compliance Information Sheet*. Submit all required documentation to the Board as directed.

		YES	NO
1.	Has any disciplinary action ever been taken against you by a professional and/or trade licensing/certification board located in the United States or any country/foreign jurisdiction, including removal from a long-term care nurse aide registry program?

If you have answered “Yes” to any of the above questions, the Board may deny your application for licensure. Denial of licensure by the Massachusetts Board may have consequences before other professional licensing and certifying boards, including any licenses or certifications you may already currently hold.

The Board will deny an application for GMC compliance if the applicant has failed to fulfill all requirements imposed by a licensure/certification body or if all criminal matters have not been closed for at least one (1) year.
